brain event-related potentials/perceptual asymmetries correlation, complex pitch information processing; dichotic complex tone test; normal Ss; 9302753
developmental language impairment/reading disability factors; event-related potential technique; language-impaired/reading-disabled 9-year-olds; 9305317
event-related brain potentials, human echoic memory reflections, mismatch negativity hypothesis; forward/backward masking experiments; subjects aged 18-32; 9305296
feature processing, high-rate auditory selective attention; auditory tasks; subjects aged 18-22; 9305297
mismatch negativity, pitch discrimination process; event-related-potential measures; absolute/nonabsolute pitch subjects mean age 23-25; 9307724
N400 lexical integration/automatic lexical access process, reaction time experiment vs event-related potential versions; target prime presentation; right-handed native Dutch speakers aged 18-29; 9302652
neural activity patterns, language processing relationship; event-related potential recordings; infants aged 1:8; 9308038
reading disability, electrophysiological indicants; event-related potentials, behavior measures; 1st graders; longitudinal study; 9307824
semantic memory functioning; age differences; reaction time/event-related potentials measurement; adults aged 18-30/60-80; 9300055
semantic priming paradigm task performance; amplitude/inhibitory context; lexical decision tasks; university students; 9302686
semantic priming processes, behavioral/event-related potential measures comparison, speeded lexical decision tasks; stimulus degradation (letter element removal/dot matrix overlay); experiments; 9302685
semantic recall/electroencephalograph activity relationship, read passages; analytic/holistic processing preferences, concentrate/relax instructions, expository prose/poetic texts, sex; experiments; right-handed college students; 9300140
semantic/contextual facilitation, prosody role; behavioral-electrophysiological approach; adults; 9300053
semantic/syntactic integration processes, brain electrical correlates; event-related brain potentials analysis; 9308113
speech sound frequency change, auditory processing, event-related potentials evaluation; experiments; 9302462
speech-evoked cortical potentials, adults' vs children's event-related potential, mismatch negativity role; empirical data; adults, children aged 7-11; 9310660
syntactic/semantic processing, brain activity dissociation; event-related brain potentials analysis; college students; 9308110
verbal processing, event-related potentials/hemispheric differences, ear advantage, dichotic listening test evidence; monaural/dichotic syllable comparison; stable right-/left-ear advantage subjects; 9308091
wh-question filler/gap storage/assignment, electrophysiological processes; event related potential measurement; English speakers; 9305118

Expressive Function of Language

affective/designative language use development, children aged 0:2-6:0, longitudinal study; 9300071
Brazilian Portuguese complementizers *que/de que* 'that' variation, psycholinguistic dimensions, parallel structures/mechanical effects; 9301136
conversational storytelling mood creation tactics, funny/dramatic moments intonational/rhythmic correlates; comments; 9306687
discourse power/emotion relationship, interactional partner status; telephone interviews; female psychology students; 9304554
expectancy violations theory status, interpersonal/emotional communication implications; 9304526
expressive communication assessment; interaction observations; hearing mothers, deaf infants aged 1:0/1:6; 9310654
expressive language usage differences, multiple personality disordered adult/child alter; audiotaped therapy sessions; female patient; 9310778
expressive/receptive language functions interhemispheric dissociation; intracarotid amobarbital study; epileptic presurgical patients; 9304943
Gbeye (Adamawa) adverb expressive function, dialectal ideophone variation, play element role; 9307113
Japanese sound expressions, situation/condition/state of mind/pain communication function, second-language learning perspective; 9300486

Ukrainian fairytales' expressive complexes, nominations/formulas, contemporary use; 9301446

Extended Standard Theory

interpreted logical form theory, outline/applications; 9310546

Eye Movements

dyslexic children's reading disabilities, binocular instability effect; Dunlop test performance; 9307830
eye fixation duration; word processing time; visual search tasks; Japanese students aged 20-25; 9300028
eye movement during reading; parafoveal word; experiments; university students; 9308770
eye movements, relative/complement sentence reading; referential hypothesis vs garden path theory; sentence ambiguity, felicitous/null contexts; experiments; undergraduates; 9300035
French reading instruction, Niger schools, silent/loud reading methodology, eye movement training; 9303191
garden path sentence processing; phrase length; eye movement measurements; undergraduates; 9308758
homophonic homograph processing, fixation time evidence, research review; 9308791

lexically ambiguous word processing; meaning frequency; eye movement monitoring; undergraduates; 9300176
linguistic comprehension/eye movement relationship; experiments; language-normal subjects; 9305100
reading process, phonological recoding; homophone/nonhomophone errors; eye fixation analysis; undergraduates; 9308747
saccade programming; fixation duration; copytyping/letter detection/reading tasks; adults, undergraduates; 9300149
sentence parsing process; discourse factors; readers' eye movements analysis; undergraduates; 9300040
sentence parsing/comprehension, thematic roles use; eye tracking experiments; university community members; 9308745
sentence processing; simple/complex sentences; pupil dilation measurements; undergraduates; 9308774
visual research/reading process; information below fixated line; experiments; university community members; 9308795

Facial Expressions
bilinguals' emotional perception, universal facial expressions perception, culture/language relation; empirical data; bilingual English/Hindi college students; 9303418
conductor-orchestra nonverbal communication, conductor's gestures/analogical communication; 9307530

prelinguistic intentional communicative behaviors, profoundly mentally retarded noninstitutionalized children, data comparison; 9305020
referential communication training, "difference rule" employment; empirical data; normal/mentally retarded children; 9305009
retarded Japanese child's articulation therapy, grapheme-syllable correspondence training benefits; case study; female aged 7:9-9:6; 9307835
retarded persons' communicative behavior enhancement, staff in-service training effectiveness, pyramidal training/communicative intervention; empirical data; registered mentally retarded adults, group home/institution/day-activity center employees mean age 40; 9305044
secondary communicative retardation, objective cortical data nondetectibility; non-Down's-syndrome Italians aged 3-16; 9310671
semantic information access/integration; cued recall; semantic verification tasks; normal/mentally retarded subjects; 9305017
severely mentally retarded adults' communication characteristics/requirements, transactional intervention approach; 9307838
sign acquisition rate; sign-specific/nonspecific reinforcement teaching; tests; mentally retarded children aged 4-6; 9307887
social interaction type/frequency; observations; moderately/severely/non-mentally retarded workers; 9305013
televised story recall; viewing instructions; free/cued recall tasks; mentally retarded adolescents, nonretarded 4th graders; 9300170
written syntactic complexity; multivariate analysis of variance; mentally retarded/normal 6th/7th/8th graders; 9310775

Metacognition

bilingual (Spanish-English) Hispanic children's reading processes/metacognition; bilingualism, biliteracy; empirical data; 9308773
categorization memory strategy use; tacit knowledge base, metamemory; free recall tasks; 6th graders; 9308079
cognitive activity development; metacognition program; longitudinal study; 6th graders; 9303240
cognitive behavior modification, deaf/illiterate students, metacognitive/self-regulatory skill development; 9307693
cognitive/metacognitive operations, emergent literacy context; reading/writing tasks; children aged 3:10-6:30; 9300651
cognitive/metacognitive strategies, knowledge structure modification, interpersonal interaction; reading/writing tasks, think aloud procedures; above-average 3rd-grade students; 9305907
comprehension monitoring/reading comprehension, metacognitive skills/awareness; informed strategy training/computer mediated text; empirical data; 5th-7th graders; 9305959
deaf adolescents' metacognitive knowledge, school-related reading; videotaped interviews; prelingually/profoundly deaf adolescents mean age 17; 9302451
decoding-spelling instruction, social-constructive approach; 9308690
